

# Spring 2012 Carnegie/Pollak Prep Courses

## ACT Blast and ACT Blitz for June 9<sup>th</sup> Test

The **ACT Blitz** is a two-session overview, designed to orient students to the layout, subject matter, and time constraints of the test. In the Blitz, students have the opportunity to take sections of the test under timed conditions. The **ACT Blast** is an intensive four-session review that goes into more detail than the Blitz and includes a timed practice test.

## SAT Subject Test Review Courses:

Biology, Chemistry, Literature, Math Level 1, Math Level 2

## AP Review Courses:

Biology\*, Chemistry, Calculus (AB & BC), Statistics, U.S. History\*, World History\*, U.S. Government and Comparative Politics, European History

*\*These courses will also cover the SAT Subject Test*

**All classes will be held at Greenwich Country Day School (GCDS) unless otherwise noted.** Our classes fill up quickly on a first come, first serve basis. Please select classes that you know you will be able to attend. **We have included our teachers' contact information if you have any questions regarding a specific course.**

### **What the Classes Will Accomplish:**

1. Students will learn the format of the test.
2. Students will learn strategies to achieve their target scores, including how many questions (if any) can be left out to reach their goals.
3. Students will be taught specific content in each subject area.
4. Students will take a practice exam to determine timing strategies and to get a feel for their strengths and weaknesses. Students will work with teachers to analyze the results of these exams.
